Dear Families and Friends,

I have the opportunity to read newsletters and annual reports from many human service agencies. It strikes me that most of what I read is about the business of operating an agency and fund raising, and little about the persons served. For the past several years I know that the Messenger has tried to maintain a balance between keeping our readers aware of the "forces" impacting the business and operations of the Manor, and what the men at the Manor are doing on a daily basis. If you feel that we lean too far one way or another, please do not hesitate to contact Amy Carmack or myself.

I would like to congratulate our Special Olympics participants on a terrific year to date. We are the reigning Senior Division Basketball State Champions. In the summer games held in Bloomington our men participated in Bocce Ball and received nine medals, and in Track and Field events the men received seven medals. The men are now working on their baseball skills.

The men have also participated in many special activities including a Yacht trip on Lake Michigan, a trip to the Washington Park Zoo, an evening at the horse races, and many baseball games for the Sox and Cubs. The Chorus and Signers were on television during a recent telethon. The rainy weather has provided steady grass growth for the mowing crew and the sheltered workshop has maintained a continuous supply of work. We are happy to report that, on average, we have exceeded our goal for the number of men working and volunteering in the community.

The lifecycle continues at the Manor. We mourn the loss of Eddie Koci and Tom Buffenmyer. Eddie was 64 years of age and had lived at the Manor nearly 39 years. Tom was 59 years old and also came to the Manor in 1971. Eddie and Tom will each be memorialized with plaques in the main Chapel. We also want to welcome our newest resident to Lombard House, William "Billy" Bell. See Pages 4 and 5 for photos and information about our most recent clients.

We are very excited to have been awarded a three-year accreditation from CARF – the Commission on Accreditation of Rehabilitation Facilities. This is the fifth consecutive three-year accreditation and indicates a "dedication and commitment to improving the quality of the lives of the persons served."

The financial crisis in Illinois and the State budget continues to make it difficult to plan and budget with a high degree of confidence. The current State budget does cut funding for Human Services with additional cuts of 2.5% or more still in the discussion phase. I can say with certainty that we will not receive a cost of living increase from the State for the fifth consecutive year.

I can also say with confidence that we are very fortunate to have the support of our families and many benefactors. Once again, the Brunch Auction and the Balmoral Golf Outings were very successful; thank you to the chairpersons of these events. Thanks to the generosity of our benefactors: 1) we are in the process of upgrading our phone system to better identify where a 911 call is made from, 2) we have added generators to several group homes, and 3) we have been able to update the bathrooms at Lombard and Herbstritt homes. We all are very appreciative of your continued support.

I do realize that a Mission without money will not have many accomplishments. The Mission of Good Shepherd is to serve the needs of the men who live here. Our Board of Trustees is absolute in their dedication to the Mission and concern for the safety and quality of care for the men at the Manor. The support from our benefactors allows us to meet our Mission. We are truly blessed to have this union of Mission, dedication, and support all focused on serving the needs of the men. On behalf of the men, the Brothers, and the staff of Good Shepherd, I would like to say thank you to our Board and benefactors.

The Manor Welcomes Our New Chaplain Fr. Dennis Settles

We are pleased to officially announce that Father Dennis Settles is now the Chaplain at Good Shepherd Manor. Board Chairman Jim LaMotte, a life-long friend of Father Settles, states "I can't express how happy I am that Father Settles is at GSM. He is a gentle, kind, and humble man of God." Jim goes on to liken Father Settles to

Brother Alphonsus, which, to those of us who know Brother Alphonsus, is a compliment in the highest degree.

Father Dennis Settles grew up in Kankakee and attended St. Stanislaus School and St. Patrick Central High School, both in Kankakee. He was ordained a priest on May 22, 1965 by Bishop Martin McNamara at the Cathedral of St. Raymond Nonnatus in Joliet, Illinois. Since the time of his ordination, Father Settles has served the Diocese of Joliet as a parish priest and the Director of Vocations of the Diocese.

Father Settles has served at the following parishes:

- St. John Vianney, Lockport
- St. John the Apostle, Villa Park
- St. Mary Immaculate, Plainfield
- St. Joseph, Joliet
- St. Mary, West Chicago
- St. Joseph, Downers Grove
- Sts. Peter & Paul, Naperville
- St. Charles Seminary, Romeoville
- St. Patrick, Mokenca
- St. Pius X, Lombard
- St. Martin of Tours, Kankakee

Father Settles came to St. Martin of Tours in Kankakee in the summer of 1993. While serving there he oversaw a three-phase building program which consisted of an addition of two new classrooms to the school, a new rectory located on the parish grounds, and a new parish center. Father Settles called St. Martin's his home for the past 17 years.

After 45 years of faithful service to the Diocese of Joliet, he retired, and has now come to Good Shepherd Manor to live and serve.

In his leisure time Father enjoys watching soccer at all levels (he has especially enjoyed the World Cup series) and reading. His brother and sister and their spouses reside in Manteno. The five of them get together for lunch, barring emergencies, each Wednesday.

Father Settles said, "I am happy being at Good Shepherd Manor. Being here provides a nice combination of being retired and staying involved."

A big thank you to everyone who had a part in bringing Father Settles to Good Shepherd Manor. His service to us will be a blessing!

New Board Members

We would like to welcome two new dynamic people to the Good Shepherd Manor Board of Trustees.

Gina Pfeifer

Gina Pfeifer is the Vice President of U.S. Business Integration for McDonald's Corporation. In her words, "I lead a team that project manages key initiatives in the U.S." She has been with McDonald's for nearly 30 years.

Her real claim to fame, though, is her "hole in one" in golf in early July! Gina loves to cook, read, and knit...but her favorite is spending time with family and friends.

Gina lives in Burr Ridge. Her brother, John, has been a resident of Good Shepherd Manor for three years.

Dan Walsh

Dan Walsh has been a professional options trader at the Chicago Mercantile Exchange for 10 years. In 2007, he started his own company trading a variety of products on both the Chicago Mercantile Exchange and Chicago Board of Trade.

Dan started supporting Good Shepherd by golfing with his father, Board Member Ed Walsh, almost 20 years ago. He states, "Thankfully my enjoyment of the festivities had more to do with the quality of the attendees than that of our golf games. I believe that Good Shepherd Manor provides a sustainable and viable option for families with members who have disabilities, and it is my hope that my financial expertise may help me serve the Manor well."

Dan lives in Glenview with his wife Noelle and two children, Julian and Jasmine.

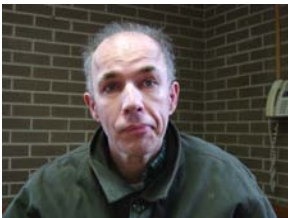

Thank you both for serving. We look forward to you being a part of the Good Shepherd family for years to come.

Day Program Services

by Frank Lamie, Director

Greetings from the Day Program,

The men have been especially busy this spring. Many of the residents continue to work weekly doing on-campus vocational jobs and off-campus work in the community. The men have been earning money working on contracts such as, sugar packaging, media rework, Sanford tubes, and mailings. Like the men whom work in our campus workshop, the men whom work in the community continue to take pride in their jobs as well. Several residents work at off-campus sites including Kroger, K-Mart, and the Holiday Inn. Good Shepherd

also has a lawn mowing crew that mows residential lawns weekly. I would personally like to take this opportunity to congratulate the Good Shepherd Manor residents for their hard work and dedication.

Although work is a very important piece of the men's lives, they still find time to have fun. The change in weather allows the men more opportunities to go out and participate in activities in the community. The men recently enjoyed a yacht trip on Lake Michigan and have attended several White Sox baseball games. There are many more activities to look forward to before the summer is over. This summer we have outings planned for the Chicago Bears Training Camp, the Gladiolus Festival, and the Lake County Fair. The nice weather also allows the men a chance to enjoy smaller spontaneous outings, like a trip to the park to feed the ducks or ice cream with some friends. What ever the activity, the men rarely pass up the opportunity to relax and have some fun!

Fred Ouellette came to GSM on 5-4-10. Previously, Fred was living in the Joliet area in a residential group home. Fred enjoys staying busy and hanging out with his friends. He enjoys going on outings and working on the grounds and outside of GSM. Fred currently lives at Maple Street.

We sincerely thank Co-Chairs Gary Ryan and Joan O'Brien and their committee of dedicated volunteers for providing a wonderful event. Mike Hill came to GSM as a resident on March 7, 1976. He passed away 33 years later on June 25, 2009. He continues to be missed by all. This is a story about his family. His folks, Dean and Jean, were two of the earliest members of the Shepherds Endowment Society. Recently Mike's four siblings also joined. This is their story. We thank Mike's brother, Doug and Doug's wife, Cathy for writing this story and providing the family photo.

Mike and his beloved coffee!

Back when Mike first started living at Good Shepherd Manor about 30 years ago, the family set aside about \$20,000 in "emergency money" just in case Mike needed something that the State or GSM could not provide in the future. Whatever was left of the emergency money was to be divided amongst Mike's siblings upon his death. For the entire 30 years the money was never spent, and was invested and reinvested in various funds. It went up and down, but mostly up. By the time Mike died, it had grown to more than \$100,000. Since Mike would no longer need the money, it became time to distribute it. But what would Mike want done with it? Mike had many loves in life: school (especially Galesburg High School), Special Olympics, traveling, eating out, and visiting with anyone who would listen. But nothing meant more to Mike than

his relatives and his friends at GSM...and a good cup of coffee! We decided that Mike would want his friends to continue to be well-cared for just like he was. Good Shepherd Manor was very good to Mike over the years, and his death won't end the need to keep on caring for his old buddies and others to come along in the future. His life is over but the work and love goes on. So we decided to make the gift of \$100,000 to the Manor. The remainder will be donated to a Knox College fund used to help disadvantaged Galesburg area students who would otherwise not be able to attend college. Knox was the only college Mike really knew anything about as it is located in his hometown, and was attended by Mike's mother, father, brother and uncle.

For information about how you can help provide perpetual care for the men of Good Shepherd Manor, please feel free to contact any one of us regarding your membership in the Shepherds Endowment Society or to remember GSM in your will.

Below are some of the comments received in the accreditation summary from the CARF survey. Good Shepherd Manor again received a three-year accreditation.

- The Board of Directors is very active in the life of the organization, providing excellent guidance and leadership. The Board does an excellent job of overseeing the organization’s programs and services, financial situations, and long-range planning.
- The organization benefits from employing a president who has compassion for the persons served and a vision of seeing each individual, regardless of his disability, achieve his full potential.
- GSM is praised for its fund-development efforts. Grant writing and year-round fund-development activities help offset some of its financial losses.
- The tenure and commitment of the direct line staff and the management team at GSM are commendable. The organization benefits from personnel who are stable, knowledgeable, and committed to the mission of the organization.
- Funders express a high level of satisfaction with program services. One funder said, “They do things for their residents that other agencies simply do not do.” Another funder said, “They are truly caring people.”
- The organization is recognized for its recent addition of a full-service infirmary. Residents can access primary care services, receive on-site x-ray services, receive preparation for special procedures, and even receive hospice services in this setting when needed. The new infirmary is a tribute to GSM’s commitment to the increased medical needs of its residents who are aging or more medically fragile.
- GSM is recognized for offering a wide range of age-appropriate activities in the community inclusion program. Persons served are engaged in each classroom setting. Personnel put a great deal of planning and consideration into how activities will contribute to the goals of the persons served. The singing and signing group performance was described as “delightful.” In-house work contracts provide residents with opportunities to supplement their schedule of classes with paid work options.
