## President's Message - Bruce Fitzpatrick

Dear Friends and Families,

The sunshine of Spring, the longer daylight hours and increasing temperatures are all welcome changes.

The men enjoyed a variety of holiday concerts and programs this past Christmas season. Once again, the parishioners of St. George church provided each man with Christmas gifts. The men also provided a Christmas program for their peers, family members and friends to enjoy. We want to thank everyone who helped brighten the holidays for the men and staff, your generosity is greatly appreciated.

Unfortunately we have mourned the passing of several men since the last Messenger including: Mike Staniszewski, Bill Dunlavy, Paul McCue and Bill Gilbert. They are each remembered with a plaque in the Chapel.

We are happy to welcome Eddie Hildeman, Matthew Spangler and James Kehoe and their families to the Manor family. We are also happy to introduce our new Director of Human Resources, Bart Frazier; you will read more about Bart later in this Messenger.

I would like to draw your attention to the fiscal year 2018 Annual Report included with the Messenger. In the report you will find information about our program goals and financial outlook. We continue to identify ways to increase our efficiency while improving our services.

In 2018 we have seen a steady increase in the number of men participating in community activities through the Day Program. We also saw an increase in the number of men working and volunteering in the community as well as an increase in the number of hours worked by the men. Achievement of our program goals in the residential setting has remained fairly stable. The men and guardians continue to report a high level of satisfaction with the services provided by the Manor. We are grateful for the many dedicated staff members that help the men and the organization achieve these goals and improve our services.

Revenue from the State fails to keep pace with the cost of providing services to the men. While we are very appreciative to the legislators who provided funding to increase wages to staff each of the last two years, we continue to support efforts to increase funding for the business-related expenses.

To help close the gap between funding and expenses, we rely on special events like the Brunch Auction, grants and donations. These funds help support the men and our mission. We thank all of our benefactors for your ongoing generous support.

Sincerely,

*Bruce*

## Infirmary/Nursing Services

by Janis Land, Director of Nursing

Do you know about all the ancillary services that the Infirmery of Good Shepherd Manor provides?

We are able to provide many services through the generosity of several physicians who are willing to come to the Manor to see the gentlemen.

Here is an overview of those services:

Our medical director, Dr. Naresh Chandan, comes here to see the men twice a month. He completes yearly physicals, Special Olympics physicals, history and physicals for surgeries and procedures, wellness checks, medication reviews, and follow-up visits. If a gentleman needs to be seen prior to the doctor's visits, appointments and transportation with a knowledgeable staff person is arranged to take them to his office. Dr. Chandan is the primary care physician for approximately 105 of the men. He comes with one or two of his interns and is in full teaching mode when he is here. This is an opportunity for the new physicians to experience the "detective work" that is needed when working with individuals who may be poor historians, non-verbal, unable to describe how they feel, unable to understand what is being asked of them, etc. They rely heavily on the nurses and staff of GSM for background information. He also reviews and signs all the paperwork that is required by the State of Illinois to keep us in compliance with regulations.

Dr. Xu (psychiatrist) comes here on a monthly basis to meet with the men who have any type of psychiatric or behavioral health need. This also includes those men who experience the co-morbid diagnosis of dementia. Dr. Xu treats approximately 50 of the men. He is a very personable man, talking with staff, family members and the individual to try to determine what is the appropriate plan of action. We are very fortunate to have a psychiatrist who comes here when there are many other agencies who are having difficulty in just finding a psychiatrist in the area that is willing to see their individuals.

Dr. Raley (podiatrist) comes here approximately every 10-12 weeks to provide palliative foot care to approximately 110 gentlemen. Several of the men have very sensitive/ticklish feet and he knows just how to work with them to get those nails, calluses and corns trimmed down. The wafting aroma of feet fills the air during those visits!

A phlebotomist from Riverside Hospital visits us weekly to complete blood draws. There is an average of 15 men to be drawn each time, as well as various specimen collections. The Riverside staff who come each week know the men by name and are able to put them at ease when it is their turn. We are grateful for the familiar faces who come to work with our men.

When basic x-rays are ordered, a tech from Biotech X-rays, Inc. will come to the infirmery to complete a portable x-ray. If an x-ray is needed during the evening or weekends, they will go to the individual's house to complete it.

We are very blessed to have these great physicians and services to meet the needs of the men!

## The Seniors' Classrooms Have Coffee with Brother Alphonsus

Brother Alphonsus came in on his day off to have a special “coffee” with the two Seniors’ classrooms during their snack time. The activity might have also been named, “An Interview with Brother!” or “Truth or Dare with Brother!” The men picked questions out of a bowl to take turns asking Brother. Here is a sampling of the questions and responses:

What is your favorite food? *Chocolate!* Are you are morning person or an evening person? *Morning*  
 Where would go on your ideal trip? *Mackinaw, MI* What do you do in your spare time? *Walk at Perry Farm*  
 What was your most embarrassing moment? *Spanish Class (we will have to learn more about this one!)*  
 What is your middle name? *Patrick*

Definitely a fun time for everyone involved!

## Residential and Day Program

by Kristen Stockle, Clinical Director

### Let's Get to Work!

The men of Good Shepherd Manor are fortunate to have many opportunities to work. There are opportunities available to the men for both paid and volunteer work. While many men choose to pursue these opportunities, others choose not to do so. Currently, men are offered the option to participate in several work activities. These include: paid sub-contract work secured through a local company, Baker and Taylor, which is a repackaging job; cleaning crew, in which men go to some local businesses to clean; lawn crew, in which men mow grass and do some general grounds work both on the GSM campus and in the community; there are also volunteer activities that men can participate in at the nearby food pantry and at the Veteran's Home in Manteno.

The staff in the Vocational room within the Day Program encourages the men to become more involved in the work opportunities available to them. This encouragement has had a positive effect. Within the last few months, we have seen some of the men who do not usually choose to participate in work opportunities decide to go on work trips. In the 4<sup>th</sup> quarter of fiscal year 2018 (April, May & June), men participated in 4,596 hours of work or volunteer activity. This is an increase from the 3<sup>rd</sup> quarter (January, February & March) in which men participated in 3,538 hours of work or volunteer activities. Much of the increase is due to the mowing season, which is currently underway.

Staff continues to encourage men to participate in the opportunities available to them. In order to participate, men must be physically able to perform the work that needs to be done, they must be in good health, and able and willing to follow directions and maintain appropriate behavior on the job. Many men express that they are content to participate in offered on-campus activities and elect not to pursue work or volunteer opportunities. In keeping with policy, we do not go on work outings during extreme weather, in order to ensure the safety and well being of the men and staff.

## Meet Human Resources Director - Bart Frazier

On March 25, 2019 Bart Frazier joined the Management team at Good Shepherd Manor as the new Human Resources Director.

Bart was most recently the Vice President of Human Resources at Baker and Taylor, LLC, an education book distributor with locations in Illinois, Nevada, New Jersey and Georgia. Baker and Taylor employs approximately 2,500 employees. Bart was with Baker and Taylor for 20 years.

Bart grew up in Bourbonnais and is married to Kathi, a third grade teacher in Bourbonnais. They have three adult daughters. Kirsten is in her residency in orthodontics at the University of Iowa; Jacqueline is a Registered Nurse at Riverside in Kankakee; Brooke is a Junior at the University of Illinois studying molecular biology with intentions of attending dental school.

In his leisure time Bart enjoys golf, reading and watching college sports. As an interesting side note, Bart is a fraternal twin. His brother is a teacher at Bishop McNamara. They also have an older brother who lives in Morris.

So, one might wonder what attracted Bart to Good Shepherd Manor? He replied with several thoughts...his kids are grown...it is a good time to get out of the corporate world...(and my favorite) to be able to do something with a good mission! He stated he was always familiar with GSM and believed it would be a good fit!

Recently Bart attending a corporate conference and heard an author speak about how an individual views his/her work...as a job?...a career?...or a calling? He believes, as many of us do, that working at GSM is a calling where you can have a direct connection to benefit others...every day! Welcome, Bart, to the GSM family!

The Brunch Auction is coming soon! At right the Development office receives some much-needed “expert” help to make the event special!

Maintenance worker, Kevin Scott, is taking five foot PVC pipe, cutting it into two inch pieces, cleaning and prepping each piece before sanding the edges and spray painting! 225 of them!!!

Our sincere thanks for helping with this project, Kevin! They are awesome!

At our 2018 Golf Outing we gave wonderful flashlights to the volunteers and golfers with a tag that said...

**You light up our world...now  
let us light yours!**

*Thanks for your support!*

We received rave reviews as these flashlights are terrific with dual low and bright light levels and the ability to pinpoint the light beam.

Flashlights are good to always have on hand. Turn on a flashlight at night and you will see a beam of light cutting through the darkness...saving our toes and shins during a power outage! Light penetrates the darkness and gives us confidence as we move ahead.

The people of the previous page (and below) are Good Shepherd Manor's "Rays of Hope!" Every Shepherds Endowment Society member is illuminating the Manor's future by providing a steady stream of financial support to underwrite programs, personnel and facilities. Some membership levels are larger than others, but ALL penetrate the darkness and give us confidence as we move ahead. Their gifts are held in perpetuity, providing financial resources for generations to come.
